

Kadima Digest #11

What the heck happened to spring?

Officially, it has been spring for three weeks now. Did someone forget to tell winter? Just as the weather seems to stuck at Almost-Spring, the Kadima Together campaign too is stuck at 85% of its \$6.2 million goal.

The Community Synagogue of Rye members voted overwhelmingly to proceed with the full renovation concept, so we know that our community can see the vision of a sunny future.

But, in order to make this happen, we need your participation. The campaign will be concluding soon and now it is time to step up. All contributions move us closer to our goal. The joy of the first sunny spring day will be so much sweeter with the opening of the new CSR.

We are eagerly looking forward to both!
