

Kadima Digest #5

Looking to the Future

In addition to creating a new, contemporary environment that will make Community Synagogue of Rye a leading facility in the Westchester area to be enjoyed by the current members, we are also addressing many capital improvements to ensure that future generations will be able to call CSR their spiritual home. Some of these improvements include a new roof, new plumbing, updated heating and air conditioning and, a revamped sound system in the sanctuary so no one misses any of the inspirational words from our Rabbis and songs from the Cantor. These improvements may not have the same visual impact as the architectural changes, but they will assure that your children, grandchildren and their children will have a safe and comfortable synagogue in which to celebrate their Jewish life milestones.

March is next week and the Kadima campaign will be wrapping up in mid-April, just a few weeks from now. Our goal is 100% participation by the CSR congregation. Will you help CSR be there for our children and beyond?
