

Kadima Digest #6

An empowering show of support

Thank you to all the Community Synagogue of Rye members who voted on the recent Kadima Campaign funding resolution. The very high participation rate and overwhelming support it received show that we are truly a strong community that values the role CSR plays in our lives. With the approval of this resolution we can move forward with the full vision of the renovation plan and ensure that CSR maintains its position as a significant institution for Reform Judaism in Westchester and beyond. We ask everyone to support his or her vote with a financial contribution to the Kadima Campaign. Please consider making a gift or adding to your original pledge. Time is of the essence! We need you! Thank you again.
