MAZON has many materials that you can include at your celebration to help you raise awareness about your commitment to ending hunger - take a look, then let us know what you need!

**MAZON Centerpiece Cards**
You can put these on display at your oneg, luncheon, or party to remind your guests of your commitment to those who are struggling with hunger.

**MAZON Placecards**
Placecards can be used for any part of your celebration: when your guests check in for your event, at tables, or even in your thank you cards!

**MAZON Tzedakah Boxes**
Include these as part of your fundraising! Ask your religious school teacher or rabbi to distribute these around your synagogue for people to see and contribute to.

We also have activities you can run with your classmates and friends; advocacy postcards, petitions and flyers you can share, and so much more!

Inspired by Jewish values and ideals, MAZON is a national advocacy organization working to end hunger among people of all faiths and backgrounds in the United States and Israel. Our work involves educating the Jewish community about the reality of hunger and how we can get involved in trying to end it, especially by advocating for policy changes that will improve our nation’s safety net.

As Jews we share a sacred duty to accept responsibility for the vulnerable people in our midst. MAZON seeks to uphold that obligation by embodying two fundamental Jewish ideals:

MAZON | A Jewish Response To Hunger

Bar/Bat Mitzvah Project Ideas

Here are some ideas to get those creative juices flowing:

- Reach out to your school's newspaper and ask them to write an article about the prevalence of hunger and what your peers can do to address the issue.
- Film a video about the prevalence of hunger and share it with your family and friends.
- Create a "Walk to End Hunger" event and ask your friends and family to support you by participating. MAZON has materials to help!
- Before or on the day of your Bar/Bat Mitzvah, have your friends and family write messages on paper plates explaining why we should fight hunger. You can send these plates to your local, state, or federal political leaders as a plea to take action.
- Host a MAZON Hunger Seder for Passover

Encourage your guests to donate to MAZON in lieu of presents. Include information about MAZON in your invitation or on the tables at your party!

TZEDAKAH project ideas

- Start an awareness campaign! Choose a specific topic about hunger (e.g., nutritional obstacles, hungry people face) and raise money from your family and friends to support MAZON's advocacy work. We have everything you need to manage your campaign online!
- Visit mazon.org to find one of our grantees partners near you, then put in some time helping out.
- Organize a "Hunger Awareness Day" with your religious school class to raise money for MAZON and teach other classes about hunger at an all school assembly.

Many families also donate a percentage of the cost of their celebration to MAZON. Talk to your parents about being a part of this special legacy!
